• **Business Rescue Process**
  The Companies Act makes provision for a new process called Business Rescue. The Business Rescue Process is similar to Debt Counselling for individuals and is available to businesses regulated by the Companies Act. This process provides for the efficient rescue of failing businesses and provides for the rehabilitation of businesses that are insolvent or may become insolvent.

  The requirements and provisions of the Business Rescue process are more onerous than the requirements and provisions for Debt Counselling. A critical element of Business Rescue is the participation of all the interested parties in the process, including the creditors/financiers, thereby ensuring that all the parties’ interests are adequately represented and protected. It is therefore very important that any notification and/or communication received from customers, with regards to Business Rescue, gets immediate attention.

  The Business Rescue process will be managed within Debt Review Department of MFC. All Business Rescue communication, notifications and/or requests must be sent to **Businessrescue@mfc.co.za**. This mailbox will be monitored on a daily basis to ensure that prompt and appropriate action is taken.

  Any queries with regards to Business Rescue and the process can also be directed to: Keyam Suliman(MFC Head: Debt Review):
